

ImGui::FindWindowByName

```
graph LR; A[ImGui::FindWindowByName] --> B[ImHash]; A --> C[ImGuiStorage::GetVoidPtr];
```

The diagram illustrates a function call sequence. A central box labeled 'ImGui::FindWindowByName' has two outgoing arrows. The top arrow points to a box labeled 'ImHash', and the bottom arrow points to a box labeled 'ImGuiStorage::GetVoidPtr'. The 'ImGui::FindWindowByName' box is shaded gray, while the other two are white.

ImHash

ImGuiStorage::GetVoidPtr
